

Deborah Jodrey

As a graduate from Princeton Theological Seminary's dual MDiv/MACEF degree program, Deborah's passions lie at the intersections of education, justice, diversity, and faith. While continuing her work as a research assistant for a Thriving Congregations Grant funded by the Lilly Endowment, Inc., Deborah also started work this summer as the Director of Youth Outreach at Hopewell Presbyterian Church, working with middle and high school students. As a part of this role, Deborah is also working alongside young people in the broader Hopewell community to create a Hopewell Youth Collective where young people are empowered and supported to lead, serve, and grow. In her free time, Deborah loves playing and watching football (Go Cowboys!), and spending time with her spouse and their three pups.
